30 Second:

If you're listening from the road right now, I have a request that may save your life.

Please put down your phone when driving.

Fifteen people will die today as a result of drivers texting, talking or checking email behind the wheel. Don't be a part of this epidemic.

Now you know the facts. Distracted driving kills.

Friday, April 30 is national No Phone Zone Day. Join me and take the pledge to make your car a No Phone Zone.

Visit Oprah dot com backslash No Phone Zone or text NPZ to three zero six four four.

Never text while driving. Standard carrier messaging rates apply.

60 Second:

Matthew Wilhelm loved riding his bike, and that's what he was doing when he was killed by a distracted driver using her cell phone.

Rodney Thompson was 18 years old and dreamed of becoming a lawyer. He read a text while driving and crashed into a utility pole. Rodney died at the scene.

If you're listening from the road right now, I have a request that may save your life.

Please put down your phone when driving.

Fifteen people will die today as a result of drivers texting, talking or checking email behind the wheel.

Everyday there are 15 new tragedies just like Rodney and Matt's, and all of them are preventable.

You can make a difference in saving 15 lives tomorrow and 15 more the day after that.
